Neither the Securities and Exchange Commission nor any state securities agency has approved or disapproved the fund's shares or determined whether this prospectus is accurate or complete. Any representation to the contrary is a crime.

An investment in the fund is not a bank deposit and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the fund seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the fund.

Contact your investment professional to discuss how the fund fits into your portfolio.

Basic information about the fund

Investment objective

High current income, preservation of capital and liquidity through investments in high-quality short-term securities.

Principal investment strategies

The fund is a money market fund. The fund seeks to maintain a constant net asset value of \$1.00 per share by investing in high-quality, U.S. dollar denominated money market securities of U.S. and non-U.S. issuers, including those issued by:

- U.S. and non-U.S. banks
- U.S. and non-U.S. corporate or private issuers
- The U.S. government and its agencies and instrumentalities
- Non-U.S. governments
- Multinational organizations such as the World Bank

The fund may invest more than 25% of its total assets in U.S. government securities and obligations of U.S. banks. The fund may invest in any money market instrument that is a permissible investment for a money market fund under the rules of the Securities and Exchange Commission, including commercial paper, certificates of deposit, time deposits, bankers' acceptances, mortgage-backed and asset-backed securities, repurchase agreements, municipal obligations and other short-term debt securities. These investments may include instruments specifically structured so that they are eligible for purchase by money market funds, including securities that have demand, tender or put features, auction features or interest rate reset features. The fund's investments also may include U.S. dollar denominated securities issued by non-U.S. governments and multinational issuers, such as the World Bank.

The fund invests in U.S. government obligations and money market securities rated in one of the two highest rating categories for short-term debt by a nationally recognized statistical rating organization or, if unrated, determined to be of equivalent credit quality by Pioneer Investment Management, Inc., the fund's investment adviser. If rating organizations differ in the rating assigned to a security, the fund will only treat the security as having the higher rating if at least two rating organizations assigned that rating. If a rating organization downgrades the quality rating assigned to one or more of the fund's portfolio securities, Pioneer will promptly reassess whether the downgraded security presents minimal credit risk to the fund.

The fund invests exclusively in securities with a maximum remaining maturity of 397 days and maintains a dollar-weighted average portfolio maturity of 90 days or less. The fund's investments may have fixed, floating or variable interest rates.

In selecting the fund's portfolio, Pioneer complies with the rating, maturity and diversification requirements applicable to money market funds. Within those limits, Pioneer's assessment of broad economic factors that are expected to affect

Basic information about the fund

economic activity and interest rates influence its securities selection. Pioneer also employs fundamental research to evaluate an issuer based on its financial statements and operations, to assess an issuer's credit quality.

Money market securities

Money market securities include:

- Securities issued or guaranteed by the U.S. government, its agencies or instrumentalities
- Corporate debt securities, including commercial paper
- Obligations of U.S. and non-U.S. banks
- Repurchase agreements
- Mortgage- and asset-backed securities
- Securities issued by non-U.S. governments and non-U.S. corporate or private issuers
- Municipal obligations

Principal risks of investing in the fund

An investment in the fund is not a bank deposit and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the fund seeks to maintain a constant net asset value of \$1.00 per share, there can be no assurance that this will be the case, and it is possible to lose money by investing in the fund. A decline in the market value of a fund investment, lack of liquidity in the bond markets or other market events, including the ongoing global financial crisis, could cause the value of your investment in the fund, or its yield, to decline.

- Interest rates go up, causing the value of the fund's investments to decline. This is known as interest rate risk (this risk may be greater for securities with longer maturities)
- If the issuer (or other obligor) of a security owned by the fund fails to pay principal and/or interest, otherwise defaults or is perceived to be less creditworthy, the security's credit rating is downgraded or the quality or value of any underlying assets declines, the value of your investment in the fund could decline significantly. This is known as credit risk
- When interest rates are very low, the fund expenses could absorb all or a significant portion of the fund's income, and, if the fund's expenses exceed the fund's income, the fund may be unable to maintain its \$1.00 share price
- The fund may invest more than 25% of its total assets in obligations of U.S. banks. This means that an investment in the fund is particularly susceptible to events affecting the banking industry. Banks depend upon being able to obtain funds at reasonable costs and upon liquidity in the capital and credit markets to finance their lending and other operations. This makes them sensitive to changes in money market and general economic conditions. The failure of a bank's borrowers to repay loans will adversely affect the bank's financial

situation. Banks are highly regulated. Decisions by regulators may limit the loans banks make and the interest rates and fees they charge, and may reduce bank profitability. The ongoing global financial crisis has severely affected many banks, other financial institutions and other obligors of money market securities. Governmental entities recently have provided support to certain financial institutions, but there is no assurance they will continue to do so

- A counterparty in a repurchase agreement fails to honor the terms of its agreement
- The issuer of a security owned by the fund may not be able to make timely payments because of a general economic downturn or increased governmental costs
- The fund may experience periods of heavy redemptions that could cause the fund to liquidate its assets at inopportune times or at a loss or depressed value, particularly during periods of declining or illiquid markets. Redemption risk is greater to the extent that the fund has investors with large shareholdings, short investment horizons, or unpredictable cash flow needs. The redemption by one or more large shareholders of their holdings in the fund could have an adverse impact on the remaining shareholders in the fund
- Pioneer’s judgment about the credit quality, attractiveness or relative value of a particular security proves to be incorrect

The credit quality of a fund’s securities may change rapidly, particularly during periods of market turmoil. If, after purchase, the credit rating on a security is downgraded or the credit quality deteriorates, or if the maturity is extended, the fund’s portfolio managers will decide whether the security should be held or sold. Upon the occurrence of certain triggering events or defaults on a security held by the fund, or if an issuer of such a security has difficulty meeting its obligations, the fund may become the holder of a restructured security or of underlying assets. In that case, the fund may become the holder of securities or other assets that it could not otherwise purchase (for example, because they are of lower quality or are subordinated to other obligations of the issuer) at a time when those assets may be difficult to sell or can be sold only at a loss. In addition, the fund may incur expenses to protect the fund’s interest in securities experiencing these events. Any of these events may cause a fund’s share price to go down.

Certain structured securities in which the fund invests may be considered derivative instruments. Investments in these securities may raise certain tax, legal, regulatory and accounting issues which may not be presented by other investments and which may be resolved in a manner adverse to the fund.

Investing in non-U.S. issuers may involve unique risks compared to investing in securities of U.S. issuers. These risks may include:

- Inadequate financial information
- Smaller, less liquid and more volatile markets
- Political and economic upheavals

Basic information about the fund

Reverse repurchase agreements and borrowing

The fund may enter into reverse repurchase agreements pursuant to which the fund transfers securities to a counterparty in return for cash, and the fund agrees to repurchase the securities at a later date and for a higher price. Reverse repurchase agreements are treated as borrowings by the fund, are a form of leverage and may make the value of an investment in the fund more volatile and increase the risks of investing in the fund. This is because leverage generally magnifies the effect of any increase or decrease in the value of the fund's underlying assets or creates investment risk with respect to a larger pool of assets than the fund would otherwise have. The fund also may borrow money from banks or other lenders for temporary purposes. Entering into reverse repurchase agreements and other borrowing transactions may cause the fund to liquidate positions when it may not be advantageous to do so in order to satisfy its obligations or meet segregation requirements.

Market segment risks

To the extent the fund emphasizes, from time to time, investments in a market segment, the fund will be subject to a greater degree to the risks particular to the industries in that segment, and may experience greater market fluctuation, than a fund without the same focus. For example, industries in the financial segment, such as banks, insurance companies, broker-dealers and real estate investment trusts (REITs), may be sensitive to changes in interest rates and general economic activity and are generally subject to extensive government regulation.

The fund's past performance

The bar chart and table indicate the risks of investing in the fund by showing how the fund has performed in the past. The fund's performance will vary from year to year.

The performance of Class R shares on April 1, 2003 for the period prior to the commencement of operations of Class R shares is based on the net asset value performance of the fund's Class A shares, reduced to reflect the higher distribution and service fees of Class R shares. For the period after Class R shares commenced operations, the actual performance of Class R shares is reflected.

The fund's past performance (before and after taxes) does not necessarily indicate how it will perform in the future. As a shareowner, you may lose or make money on your investment.

Fund performance

The chart shows the year-by-year performance of the fund's Class R shares.

Annual return Class R shares (%)

(Year ended December 31)

For the period covered by the bar chart:

The highest calendar quarterly return was 1.32% (10/01/2000 to 12/31/2000)

The lowest calendar quarterly return was 0.00% (10/01/2003 to 12/31/2003)

Basic information about the fund

Comparison with the 90-day U.S. Treasury Bill

The table shows the average annual total returns for Class R shares of the fund over time and compares these returns to the returns of the 90-day U.S. Treasury Bill. The fund's 7-day yield for the period December 24 to December 31, 2008 was:

Class R: 0.79%

Please contact Pioneer at 1-800-225-6292 to obtain the fund's current 7-day yield.

The table:

- Assumes that you sell your shares at the end of the period
- Assumes that you reinvest all of your dividends and distributions

Average annual total return (%)

(for periods ended December 31, 2008)

	1 Year	5 Years	10 Years	Since Inception	Inception Date#
Class R					6/22/87
Return before taxes	2.04	2.41	2.42	3.66	
90-day U.S. Treasury Bill (reflects no deduction for fees, expenses or taxes)	1.40	2.97	3.16	4.41	

Inception date of the fund's Class A shares. Class R shares commenced operations on April 1, 2003.

Fees and expenses

This table describes the fees and expenses that you may pay if you buy and hold shares of the fund.

Shareowner fees

paid directly from your investment

Class R

Maximum sales charge (load) when you buy shares	None
Maximum deferred sales charge (load) when you sell shares	None

Annual fund operating expenses

paid from the assets of the fund

as a percentage of average daily net assets

Class R

Management Fees	0.40%
Distribution (12b-1) Fee	0.50%
Other Expenses ¹	0.70%
Total Annual Fund Operating Expenses ^{1,2}	1.60%

Example

This example helps you compare the cost of investing in the fund with the cost of investing in other mutual funds. It assumes that: a) you invest \$10,000 in the fund for the time periods shown, b) you reinvest all dividends and distributions, c) your investment has a 5% return each year and d) the fund's operating expenses remain the same.

Although your actual costs may be higher or lower, under these assumptions your costs would be:

	Number of years you own your shares			
	1	3	5	10
Class R	\$163	\$505	\$871	\$1,900

- 1 Other expenses and total annual fund operating expenses have been restated based on an estimate of current expenses. Expenses will vary based on changes in the fund's net asset levels. Total annual fund operating expenses shown have not been reduced by any expense offset arrangements.
- 2 Pioneer may limit the fund's expenses for any class of shares or waive a portion of its management fee to maintain a net asset value of \$1.00 per share. From time to time, Pioneer and its affiliates may limit the expenses of one or more classes or waive a portion of its management fee for the purpose of avoiding a negative yield or increasing the fund's yield during the period of the limitation. These expense limitation policies are voluntary and temporary and may be revised or terminated by Pioneer at any time without notice.

Management

Pioneer, the fund's investment adviser,

selects the fund's investments and oversees the fund's operations.

Pioneer is an indirect, wholly owned subsidiary of UniCredit S.p.A., one of the largest banking groups in Italy. Pioneer is part of the global asset management group providing investment management and financial services to mutual funds, institutional and other clients. As of March 31, 2009, assets under management were approximately \$205 billion worldwide, including over \$44 billion in assets under management by Pioneer.

Investment adviser

Pioneer's main office is at 60 State Street, Boston, Massachusetts 02109. The firm's U.S. mutual fund investment history includes creating in 1928 one of the first mutual funds.

Pioneer has received an order from the Securities and Exchange Commission that permits Pioneer, subject to the approval of the fund's Board of Trustees, to hire and terminate a subadviser or to materially modify an existing subadvisory contract for the fund without shareholder approval. Pioneer retains the ultimate responsibility to oversee and recommend the hiring, termination and replacement of any subadviser. To the extent that the Securities and Exchange Commission adopts a rule that would supersede the order, or would provide greater flexibility than the order, Pioneer and the fund intend to rely on such rule to permit Pioneer, subject to the approval of the fund's Board of Trustees and any other applicable conditions of the rule, to hire and terminate a subadviser or to materially modify an existing subadvisory contract for the fund without shareholder approval.

Portfolio management

Day-to-day management of the fund's portfolio is the responsibility of Seth Roman. Mr. Roman is supported by the fixed income team. Members of this team manage other Pioneer funds investing primarily in fixed income securities. The portfolio manager and the team also may draw upon the research and investment management expertise of Pioneer's affiliate, Pioneer Investment Management Limited. Mr. Roman joined Pioneer as a portfolio manager in March 2006 and has been an investment professional for over 10 years. Prior to joining Pioneer, Mr. Roman was a fixed income trader for Fidelity Management and Research Company.

The fund's statement of additional information provides additional information about the portfolio manager's compensation, other accounts managed by the portfolio manager, and the portfolio manager's ownership of shares of the fund.

Management fee

The fund pays Pioneer a fee for managing the fund and to cover the cost of providing certain services to the fund.

Pioneer's annual fee is equal to 0.40% of the fund's average daily net assets up to \$1 billion and 0.35% on assets over \$1 billion.

The fee is accrued daily and paid monthly.

For the fiscal year ended December 31, 2008, the fund paid management fees equivalent to 0.40% of the fund's average daily net assets.

A discussion regarding the basis for the Board of Trustees' approval of the management contract is available in the fund's semiannual report to shareholders for the period ended June 30, 2008.

Distributor and transfer agent

Pioneer Funds Distributor, Inc. is the fund's distributor. Pioneer Investment Management Shareholder Services, Inc. is the fund's transfer agent. The fund compensates the distributor and transfer agent for their services. The distributor and the transfer agent are affiliates of Pioneer.

Disclosure of portfolio holdings

The fund's policies and procedures with respect to disclosure of the fund's portfolio securities are described in the statement of additional information.

Buying, exchanging and selling shares

Net asset value

The fund's net asset value is the value of its securities plus other assets minus its accrued operating expenses and other liabilities. The fund calculates a net asset value for each class of shares twice daily, every day the New York Stock Exchange is open, at 2:00 p.m. Eastern time and when regular trading closes (normally 4:00 p.m. Eastern time).

The fund generally values its securities using the amortized cost method. This valuation method assumes a steady rate of amortization of any premium or discount from the date of purchase until the maturity of each security.

You buy or sell Class R shares at the share price.

Other classes of shares may be available that are not offered in this prospectus.

Share price

The net asset value per share next calculated after your transaction.

Eligible Class R share investors

Class R shares are available to certain tax-deferred retirement plans (including 401(k) plans, employer-sponsored 403(b) plans, 457 plans, profit sharing and money purchase pension plans, defined benefit plans and non-qualified deferred compensation plans) held in plan level or omnibus accounts. Class R shares also are available to IRAs consisting of rollovers from eligible retirement plans that offered one or more Class R share Pioneer funds as investment options. Class R shares are not available to non-retirement accounts, traditional or Roth IRAs, Coverdell Education Savings Accounts, SEPs, SAR-SEPs, SIMPLE IRAs, individual 403(b)s and most individual retirement accounts or retirement plans that are not subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Other classes of shares of the fund may be offered through one or more separate prospectuses. Eligible Class R share investors are also eligible to purchase these other classes. However, plan participants may only purchase classes of shares that are available through their plan. Each class has different sales charges and expenses.

Your investment professional can help you determine which class is appropriate. You should ask your investment professional if you qualify for a waiver of sales charges on another class. If you do qualify, another class of shares may be more appropriate for you. Plan fiduciaries should consider their obligations under ERISA in determining which class is an appropriate investment for the plan. Your investment firm may receive different compensation depending upon which class you choose.

Distribution and service plans

The fund has adopted a distribution plan for Class R shares in accordance with Rule 12b-1 under the Investment Company Act of 1940. Under the Class R distribution plan, the fund pays distribution fees of 0.50% of average daily net assets attributable to Class R shares to the distributor. The distributor uses this fee, among other things, to compensate broker-dealers who engage in or support the distribution of the fund's Class R shares. Because these fees are an ongoing expense of the fund, over time they increase the cost of your investment and your shares may cost more than shares that are subject to other types of sales charges.

The fund has also adopted a separate service plan for Class R shares. Under the service plan, the fund may pay securities dealers, plan administrators or other service organizations who agree to provide certain services to plans or plan participants holding shares of the fund a service fee of up to 0.25% of average daily net assets attributable to Class R shares held by such plan participants. The services provided under the service plan include acting as a shareholder of record, processing purchase and redemption orders, maintaining participant account records and answering participant questions regarding the fund.

Additional payments to financial intermediaries

You indirectly compensate the financial intermediary through which you buy shares of the fund, as a result of the fund paying Rule 12b-1 fees. The fund also may pay intermediaries for administrative services and transaction processing.

Pioneer and its affiliates may make additional payments to your financial intermediary. These payments by Pioneer may provide your financial intermediary with an incentive to favor the Pioneer funds over other mutual funds or assist the distributor in its efforts to promote the sale of the fund's shares. Financial intermediaries include broker-dealers, banks (including bank trust departments), registered investment advisers, financial planners, retirement plan administrators and other types of intermediaries.

Pioneer makes these additional payments (sometimes referred to as "revenue sharing") to financial intermediaries out of its own assets, which may include profits derived from services provided to the fund. Pioneer may base these payments on a variety of criteria, including the amount of sales or assets of the Pioneer funds attributable to the financial intermediary or as a per transaction fee.

Not all financial intermediaries receive additional compensation and the amount of compensation paid varies for each financial intermediary. In certain cases, these payments may be significant. Pioneer determines which firms to support and the extent of the payments it is willing to make, generally choosing firms that have a strong capability to effectively distribute shares of the Pioneer funds and that are willing to cooperate with Pioneer's promotional efforts. Pioneer also may compensate financial intermediaries (in addition to amounts that may be

Buying, exchanging and selling shares

paid by the fund) for providing certain administrative services and transaction processing services.

Pioneer may benefit from revenue sharing if the intermediary features the Pioneer funds in its sales system (such as by placing certain Pioneer funds on its preferred fund list or giving access on a preferential basis to members of the financial intermediary's sales force or management). In addition, the financial intermediary may agree to participate in the distributor's marketing efforts (such as by helping to facilitate or provide financial assistance for conferences, seminars or other programs at which Pioneer personnel may make presentations on the Pioneer funds to the intermediary's sales force). To the extent intermediaries sell more shares of the Pioneer funds or retain shares of the Pioneer funds in their clients' accounts, Pioneer receives greater management and other fees due to the increase in the Pioneer funds' assets. The intermediary may earn a profit on these payments if the amount of the payment to the intermediary exceeds the intermediary's costs.

The compensation that Pioneer pays to financial intermediaries is discussed in more detail in the fund's statement of additional information. Your intermediary may charge you additional fees or commissions other than those disclosed in this prospectus. Intermediaries may categorize and disclose these arrangements differently than in the discussion above and in the statement of additional information. You can ask your financial intermediary about any payments it receives from Pioneer or the Pioneer funds, as well as about fees and/or commissions it charges.

Pioneer and its affiliates may have other relationships with your financial intermediary relating to the provision of services to the Pioneer funds, such as providing omnibus account services or effecting portfolio transactions for the Pioneer funds. If your intermediary provides these services, Pioneer or the Pioneer funds may compensate the intermediary for these services. In addition, your intermediary may have other relationships with Pioneer or its affiliates that are not related to the Pioneer funds.

Sales charges

You buy Class R shares at net asset value per share. The fund does not impose any initial or contingent deferred sales charge on Class R shares.

Information for Plan Participants

Participants in retirement plans generally must contact the plan's administrator to purchase, redeem or exchange shares. Shareowner services may only be available to plan participants through a plan administrator. Plans may require separate applications and their policies and procedures may be different than those described in this prospectus. Participants should contact their plan administrator for information regarding shareholder services pertaining to participants' investments in the fund.

The fund allows you to exchange your Class R shares for Class R shares of another Pioneer fund that is available through your plan. Exchanges are made at net asset value.

Before you request an exchange, consider each fund's investment objective and policies as described in the fund's prospectus. Other Pioneer funds may not be available in certain retirement plans.

Information for Plan Sponsors and Administrators

Opening an account

Eligible retirement plans generally may open an account and purchase Class R shares by contacting any investment firm or plan administrator authorized to sell the fund's shares. A retirement plan sponsor can obtain retirement plan applications from its investment firm or plan administrator or by calling the Retirement Plans Department at 1-800-622-0176.

If the retirement plan invests in the fund through investment professionals or other financial intermediaries, including wrap programs and similar programs, additional conditions may apply to an investment in the fund, and the investment professional or intermediary may charge a transaction-based or other fee for its services. These conditions and fees are in addition to those imposed by the fund and its affiliates. In addition, the options and services available to a retirement plan may be different from those discussed in this prospectus. You should ask your investment professional or financial intermediary about its services and any applicable fees.

Minimum investment amounts

There is no minimum initial amount for Class R share investments.

Account options

Use an account application to select options and privileges for accounts opened on behalf of the retirement plan. A retirement plan can change the selection of account options available to the plan and its participants at any time by sending a completed

Buying, exchanging and selling shares

account options form to the transfer agent. Plan sponsors may be required to obtain a signature guarantee to make certain changes to an existing account.

Call or write to the transfer agent for account applications, account options forms and other account information:

Pioneer Investment Management Shareholder Services, Inc.

P.O. Box 55014

Boston, Massachusetts 02205-5014

Telephone 1-800-622-0176

Share price

If the plan or a participant in the plan places an order to purchase, exchange or sell shares through a plan administrator or broker-dealer by the close of regular trading on the New York Stock Exchange (usually 4:00 p.m. Eastern time) (except for orders received by 2:00 p.m. meeting the requirements referenced below), the transaction will be completed at the share price determined as of the close of regular trading on the New York Stock Exchange that day. If the order is placed through a plan administrator or broker-dealer after the close of regular trading on the New York Stock Exchange, or the order is not in good order, the transaction will be completed at the share price next determined after the order is received in good order by the fund.

On any day that the money markets in which the fund invest close early, such as days in advance of holidays or in the event of an emergency, the fund reserves the right to advance the time when the fund's share price is determined (and by which transaction orders must be received) to the closing time of the markets.

The Plan Administrator or broker-dealer is responsible for transmitting the order to the distributor in a timely manner. Shares begin earning dividends on the first business day after the fund is credited with same day funds for a purchase. However, if the purchase order is received by the fund by 2:00 p.m. with payment through same-day wire meeting the requirements referenced below, shares also will receive dividends declared that day.

There are special requirements if a plan wishes to purchase fund shares by wire, have its order executed at 2:00 p.m. and receive dividends for that day. The plan administrator or broker dealer must contact the fund's transfer agent, Pioneer Investment Management Shareholder Services, Inc. at 1-800-225-6292, to be pre-approved.

Wire transfers normally take two or more hours to complete and a fee may be charged by the sending bank.

Good order means that:

- The plan or its agents have provided adequate instructions
- There are no outstanding claims against the account
- There are no transaction limitations on the account
- The plan or its agent's request includes a signature guarantee if the plan:
 - Is selling over \$100,000 or exchanging over \$500,000 worth of shares
 - Changed its account registration or address within the last 30 days
 - Instructs the transfer agent to mail the check to an address different from the one on the account
 - Wants the check paid to someone other than the account's record owner(s)
 - Is transferring the sale proceeds to a Pioneer mutual fund account with a different registration

Buying

Plans and their participants can buy Class R shares at net asset value per share. The distributor may reject any order until it has confirmed the order in writing and received payment.

Normally, the plan's investment firm will send a purchase request to the fund's transfer agent. **Consult the plan's investment professional for more information.** The investment firm receives a commission from the distributor, and may receive additional compensation from Pioneer, for purchase of fund shares by the plan or plan participants.

Exchanging

The fund allows plans and plan participants to exchange Class R shares at net asset value.

Selling

Class R shares will be sold at net asset value per share next calculated after the fund or its authorized agent, such as a broker-dealer, receives a request in good order.

There are special requirements if the plan wishes to have its order executed at 2:00 p.m. and receive redemption proceeds by wire that same day. The plan administrator or broker dealer must contact the fund's transfer agent, Pioneer Investment Management Shareholder Services, Inc. at 1-800-225-6292, to be pre-approved. Shares will not receive that day's dividend.

The fund generally will send any sale proceeds to the plan's custodian by check, bank wire or electronic funds transfer. Normally, sales proceeds will be paid within seven days. If the plan recently sent a check to purchase the shares, the fund may delay payment of the sale proceeds until the check has cleared. This may take up to 10 calendar days from the purchase date. If a signature guarantee is required, the plan must submit its request in writing.

Buying, exchanging and selling shares

Information for IRA Rollover Accounts

Opening your account

IRA Rollover Accounts may be eligible to open an account and purchase Class R shares by contacting any investment firm authorized to sell the fund's shares. You can obtain an application from your investment firm or by calling the Retirement Plans Department at 1-800-622-0176. You may also open your Class R share account by completing an account application and sending it to the transfer agent by mail or by fax.

If you invest in the fund through investment professionals or other financial intermediaries, including wrap programs and similar programs, additional conditions may apply to your investment in the fund, and the investment professional or intermediary may charge you a transaction-based or other fee for its services. These conditions and fees are in addition to those imposed by the fund and its affiliates. In addition, the options and services available to you may be different from those discussed in this prospectus. You should ask your investment professional or financial intermediary about its services and any applicable fees.

Minimum account size for IRA Rollovers

The fund requires that you maintain a minimum account value of \$500. If you hold less than \$500 in your account, the fund reserves the right to notify you that it intends to sell your shares and close your account. You will be given 60 days from the date of the notice to make additional investments to avoid having your shares sold.

Minimum investment amounts

There is no minimum initial amount for Class R share investments.

Account options

Use your account application to select options and privileges for your account. You can change your selections at any time by sending a completed account options form to the transfer agent. You may be required to obtain a signature guarantee to make certain changes to an existing account.

Call or write to the transfer agent for account applications, account options forms and other account information:

Pioneer Investment Management Shareholder Services, Inc.

P.O. Box 55014
Boston, Massachusetts 02205-5014
Telephone 1-800-622-0176

Share price

If you place an order to purchase, exchange or sell shares with the transfer agent or an authorized agent by the close of regular trading on the New York Stock Exchange (usually 4:00 p.m. Eastern time) (except for orders received by 2:00 p.m. meeting the requirements referenced below), your transaction will be completed at the share price determined as of the close of regular trading on the New York Stock Exchange on that day. If your order is placed with the transfer agent or an authorized agent after the close of regular trading on the New York Stock Exchange, or your order is not in good order, your transaction will be completed at the share price next determined after your order is received in good order by the fund. The authorized agent is responsible for transmitting your order to the fund in a timely manner.

On any day that the money markets in which the fund invests close early, such as days in advance of holidays or in the event of an emergency, the fund reserves the right to advance the time when the fund's share price is determined (and by which transaction orders must be received) to the closing time of the markets.

You begin earning dividends on the first business day after the fund is credited with same day funds for your purchase. However, if your purchase order is received by the fund by 2:00 p.m. with payment through same-day wire meeting the requirements referenced below, you also will receive dividends declared that day.

There are special requirements if you wish to purchase fund shares by wire, have your order executed at 2:00 p.m. and receive dividends for that day. You or your investment firm must contact the fund's transfer agent, Pioneer Investment Management Shareholder Services, Inc. at 1-800-225-6292, to be pre-approved.

Wire transfers normally take two or more hours to complete and a fee may be charged by the sending bank

Good order means that:

- You have provided adequate instructions
- There are no outstanding claims against your account
- There are no transaction limitations on your account
- The request includes a signature guarantee if you:
 - Are selling over \$100,000 or exchanging over \$500,000 worth of shares
 - Changed your account registration or address within the last 30 days
 - Instruct the transfer agent to mail the check to an address different from the one on your account
 - Want the check paid to someone other than the account's record owner(s)
 - Are transferring the sale proceeds to a Pioneer mutual fund account with a different registration

Buying, exchanging and selling shares

Transaction limitations

Your transactions are subject to certain limitations, including the limitation on the purchase of the fund's shares within 30 calendar days of a redemption. See "Excessive trading."

Buying

You may buy fund shares from any investment firm that has a sales agreement with the distributor.

You can buy Class R shares at net asset value per share. The distributor may reject any order until it has confirmed the order in writing and received payment. Normally, your investment firm will send your purchase request to the fund's transfer agent. **Consult your investment professional for more information.** Your investment firm receives a commission from the distributor, and may receive additional compensation from Pioneer, for your purchase of fund shares.

Exchanging

You may exchange Class R shares for the Class R shares of another Pioneer mutual fund.

The fund allows you to exchange your Class R shares at net asset value.

Before you request an exchange, consider each fund's investment objective and policies as described in the fund's prospectus. Other Pioneer funds may not be available in certain retirement plans.

You can exchange fund shares by **mailing or faxing a letter of instruction to the transfer agent**. You can exchange fund shares directly through the fund only if your account is registered in your name. However, you may not fax an exchange request for more than \$500,000. Include in your letter:

- The name, social security number and signature of all registered owners
- A signature guarantee for each registered owner if the amount of the exchange is more than \$500,000
- The name of the fund out of which you are exchanging and the name of the fund into which you are exchanging
- The class of shares you are exchanging
- The dollar amount or number of shares you are exchanging

By phone

After you establish an eligible fund account, **you can exchange fund shares by phone if:**

- You are exchanging into an existing account or using the exchange to establish a new account, provided the new account has a registration identical to the original account
- The fund into which you are exchanging offers the same class of shares
- You are not exchanging more than \$500,000 worth of shares per account per day
- You can provide the proper account identification information

Selling

Normally, your investment firm will send your request to sell shares to the fund's transfer agent. **Consult your investment professional for more information.** The fund has authorized the distributor to act as its agent in the repurchase of fund shares from qualified investment firms. The fund reserves the right to terminate this procedure at any time.

Your Class R shares will be sold at net asset value per share next calculated after the fund receives your request in good order.

There are special requirements if you wish to have your order executed at 2:00 p.m. and receive your redemption proceeds by wire that same day. You or your investment firm must contact the fund's transfer agent, Pioneer Investment Management Shareholder Services, Inc. at 1-800-225-6292, to be pre-approved. You will not receive that day's dividend.

The fund generally will send your sale proceeds by check, bank wire or electronic funds transfer. Normally you will be paid within seven days. If you recently sent a check to purchase the shares, the fund may delay payment of the sale proceeds until your check has cleared. This may take up to 10 calendar days from the purchase date. If a signature guarantee is required, you must submit your request in writing.

You generally may sell fund shares by phone only if your account is an eligible IRA (tax penalties may apply). You may not sell your shares by phone if you have changed your address (for checks) or your bank information (for wires and transfers) in the last 30 days.

You may receive your sale proceeds:

- By check, provided the check is made payable exactly as your account is registered
- By bank wire or by electronic funds transfer, provided the sale proceeds are being sent to your bank address of record

You can sell some or all of your fund shares by **writing directly to the fund** only if your account is registered in your name. Include in your request your name, your social security number, the fund's name, your fund account number, the class of shares to be sold, the dollar amount or number of shares to be sold and any other applicable requirements as described below. The transfer agent will send the sale proceeds to your address of record unless you provide other instructions. Your request must be signed by all registered owners and be in good order.

The transfer agent will not process your request until it is received in good order.

You may sell up to \$100,000 per account per day by fax.

Buying, exchanging and selling shares

Sales may be taxable transactions to shareowners.

You may incur taxes and tax penalties if the proceeds are sent to the beneficiary of the IRA.

Account options

See the account application form for more details on each of the following options.

Automatic exchanges

You can automatically exchange your fund shares for Class R shares of another Pioneer mutual fund. The automatic exchange will begin on the day you select when you complete the appropriate section of your account application or an account options form. In order to establish automatic exchange:

- You must select exchanges on a monthly or quarterly basis
- Both the originating and receiving accounts must have identical registrations
- The originating account must have a minimum balance of \$5,000

Distribution options

The fund offers three distribution options. Any fund shares you buy by reinvesting distributions will be priced at the applicable net asset value per share.

- (1) Unless you indicate another option on your account application, any dividends and capital gain distributions paid to you by the fund will automatically be invested in additional fund shares.
- (2) You may elect to have the amount of any dividends paid to you in cash and any capital gain distributions reinvested in additional shares.
- (3) You may elect to have the full amount of any dividends and/or capital gain distributions paid to you in cash.

Options (2) or (3) are not available to retirement plan accounts or accounts with a current value of less than \$500. If you are under 59½, taxes and tax penalties may apply.

If your distribution check is returned to the transfer agent or you do not cash the check for six months or more, the transfer agent may reinvest the amount of the check in your account and automatically change the distribution option on your account to option (1) until you request a different option in writing. These additional shares will be purchased at the then-current net asset value.

Directed dividends

If you are over the age of 59½, you can invest the dividends paid by one of your Pioneer mutual fund accounts in a second Pioneer mutual fund account. The value of your second account must be at least \$1,000. You may direct the investment of any amount of dividends. There are no fees or charges for directed dividends.

If you have a retirement plan account, you may only direct dividends to accounts with identical registrations.

Systematic withdrawal plans

When you establish a systematic withdrawal plan for your account, the transfer agent will sell the number of fund shares you specify on a periodic basis and the proceeds will be paid to you or to any person you select. You must obtain a signature guarantee to direct payments to another person after you have established your systematic withdrawal plan. Payments can be made either by check or by electronic transfer to a bank account you designate.

To establish a systematic withdrawal plan:

- Your account must have a total value of at least \$10,000 when you establish your plan
- You must request a periodic withdrawal of at least \$50
- You may not request a periodic withdrawal of more than 10% of the value of any Class R share account (valued at the time the plan is implemented)

The above limits are waived for required minimum distributions from your IRA Rollover account.

Systematic sales of fund shares may be taxable transactions for you unless you are exempt from tax.

Direct deposit

If you establish a systematic withdrawal plan, you may choose to have those cash payments deposited directly into your savings, checking or NOW bank account.

Information for All Shareowners

Shareowner services

For plan participants, shareowner services may only be available through the plan administrator and may be different than those described in this prospectus. Participants should contact the appropriate plan administrator for information regarding the administration of participants' investments in the fund.

Pioneer website

www.pioneerinvestments.com

The website includes a full selection of information on mutual fund investing. You can also use the website to get:

- Current account information if your shares are registered in your own name and not the name of your plan or other intermediary
- Prices, returns and yields of all publicly available Pioneer mutual funds
- Prospectuses, statements of additional information and shareowner reports for all the Pioneer mutual funds
- A copy of Pioneer's privacy notice

Buying, exchanging and selling shares

FactFoneSM 1-800-225-4321

You can use FactFoneSM to:

- Obtain current information on your Pioneer IRA Rollover accounts
- Inquire about the prices and yields of all publicly available Pioneer mutual funds
- Request account statements

If your account is registered in the name of an employer-sponsored retirement plan, broker-dealer or other third party, you may not be able to use FactFoneSM to obtain account information.

Confirmation statements

The transfer agent maintains an account for each investment firm or individual shareowner and records all account transactions. Plans and IRA Rollover accounts will be sent confirmation statements showing the details of your transactions as they occur.

Tax information for IRA Rollovers

In January following the year in which you take a reportable distribution, the transfer agent will mail you a tax form reflecting the total amount(s) of distribution(s) received by the end of January.

Privacy

The fund has a policy that protects the privacy of your personal information. A copy of Pioneer's privacy notice was given to you at the time you opened your account. The fund will send you a copy of the privacy notice each year. You may also obtain the privacy notice by calling the transfer agent or through Pioneer's website.

Shareowner account policies

Identity verification

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify and record information that identifies each person who opens an account. When you open an account, you will need to supply your name, address, date of birth, and other information that will allow the fund to identify you.

The fund may close your account if we cannot adequately verify your identity. The redemption price will be the net asset value (less applicable sales charges) on the date of redemption.

Signature guarantees and other requirements

Plans and IRA Rollover Accounts are required to obtain a signature guarantee when:

- Requesting certain types of exchanges or sales of fund shares
- Requesting certain types of changes for your existing account

You can obtain a signature guarantee from most broker-dealers, banks, credit unions (if authorized under state law) and federal savings and loan associations. You cannot obtain a signature guarantee from a notary public.

The Pioneer funds generally accept only medallion signature guarantees. A medallion signature guarantee may be obtained from a domestic bank or trust company, broker, dealer, clearing agency, savings association, or other financial institution that is participating in a medallion program recognized by the Securities Transfer Association. Signature guarantees from financial institutions that are not participating in one of these programs are not accepted as medallion signature guarantees. The fund may accept other forms of guarantee from financial intermediaries in limited circumstances.

Fiduciaries and corporations are required to submit additional documents to sell fund shares.

Excessive trading

Frequent trading into and out of the fund can disrupt portfolio management strategies, harm fund performance by forcing the fund to hold excess cash or to liquidate certain portfolio securities prematurely and increase expenses for all investors, including long-term investors who do not generate these costs. An investor may use short-term trading as a strategy, for example, if the investor believes that the valuation of the fund's portfolio securities for purposes of calculating its net asset value does not fully reflect the then-current fair market value of those holdings. The fund discourages, and does not take any intentional action to accommodate, excessive and short-term trading practices, such as market timing. Although there is no generally applied standard in the marketplace as to what level of trading activity is excessive, we may consider trading in the fund's shares to be excessive for a variety of reasons, such as if:

- You sell shares within a short period of time after the shares were purchased;
- You make two or more purchases and redemptions within a short period of time;
- You enter into a series of transactions that indicate a timing pattern or strategy; or
- We reasonably believe that you have engaged in such practices in connection with other mutual funds.

The fund's Board of Trustees has adopted policies and procedures with respect to frequent purchases and redemptions of fund shares by fund investors. Pursuant to these policies and procedures, we monitor selected trades on a daily basis in an effort to detect excessive short-term trading. If we determine that an investor or a client of a broker or other intermediary has engaged in excessive short-term trading that we believe may be harmful to the fund, we will ask the investor, broker or other intermediary to cease such activity and we will refuse to process purchase orders (including purchases by exchange) of such investor, broker, other intermediary or accounts that we believe are under their control. In determining whether to take

Buying, exchanging and selling shares

such actions, we seek to act in a manner that is consistent with the best interests of the fund's shareholders.

While we use our reasonable efforts to detect excessive trading activity, there can be no assurance that our efforts will be successful or that market timers will not employ tactics designed to evade detection. If we are not successful, your return from an investment in the fund may be adversely affected. Frequently, fund shares are held through omnibus accounts maintained by financial intermediaries such as brokers and retirement plan administrators, where the holdings of multiple shareholders, such as all the clients of a particular broker or other intermediary, are aggregated. Our ability to monitor trading practices by investors purchasing shares through omnibus accounts may be limited and dependent upon the cooperation of the broker or other intermediary in taking steps to limit this type of activity.

The fund may reject a purchase or exchange order before its acceptance or the issuance of shares. The fund may also restrict additional purchases or exchanges in an account. Each of these steps may be taken for any transaction, for any reason, without prior notice, including transactions that the fund believes are requested on behalf of market timers. The fund reserves the right to reject any purchase or exchange request by any investor or financial institution if the fund believes that any combination of trading activity in the account or related accounts is potentially disruptive to the fund. A prospective investor whose purchase or exchange order is rejected will not achieve the investment results, whether gain or loss, that would have been realized if the order were accepted and an investment made in the fund. The fund and its shareholders do not incur any gain or loss as a result of a rejected order. The fund may impose further restrictions on trading activities by market timers in the future.

To limit the negative effects of excessive trading on the fund, the fund has adopted the following restriction on investor transactions. If an investor redeems \$5,000 or more (including redemptions that are a part of an exchange transaction) from the fund, that investor shall be prevented (or "blocked") from purchasing shares of the fund (including purchases that are a part of an exchange transaction) for 30 calendar days after the redemption. This policy does not apply to systematic purchase or withdrawal plan transactions, transactions made through employer-sponsored retirement plans described under Section 401(a), 403(b) or 457 of the Internal Revenue Code or employee benefit plans, scheduled (Internal Revenue Code Section 72(t) election) or mandatory (required minimum distribution) withdrawals from IRAs, rebalancing transactions made through certain asset allocation or "wrap" programs, transactions by insurance company separate accounts or transactions by other funds that invest in the fund. This policy does not apply to purchase or redemption transactions of less than \$5,000 or to the Pioneer money market funds.

We rely on financial intermediaries that maintain omnibus accounts to apply to their customers either the fund's policy described above or their own policies or restrictions designed to limit excessive trading of fund shares. However, we do not impose this policy at the omnibus account level.

Telephone and website access

You may have difficulty contacting the fund by telephone or accessing www.pioneerinvestments.com during times of market volatility or disruption in telephone or Internet service. On New York Stock Exchange holidays or on days when the exchange closes early, Pioneer will adjust the hours for the telephone center and for online transaction processing accordingly. If you are unable to access www.pioneerinvestments.com or reach the fund by telephone, you should communicate with the fund in writing.

Share certificates

The fund does not offer share certificates. Shares are electronically recorded.

Other policies

The fund and the distributor reserve the right to:

- reject any purchase or exchange order for any reason, without prior notice
- charge a fee for exchanges or to modify, limit or suspend the exchange privilege at any time without notice. The fund will provide 60 days' notice of material amendments to or termination of the exchange privilege
- revise, suspend, limit or terminate the account options or services available to shareowners at any time, except as required by the rules of the Securities and Exchange Commission

The fund reserves the right to:

- stop offering Class R shares
- suspend transactions in shares when trading on the New York Stock Exchange is closed or restricted, or when the Securities and Exchange Commission determines an emergency or other circumstances exist that make it impracticable for the fund to sell or value its portfolio securities
- redeem in kind by delivering to you portfolio securities owned by the fund rather than cash. Securities you receive this way may increase or decrease in value while you hold them and you may incur brokerage and transaction charges and tax liability when you convert the securities to cash
- charge transfer, shareholder servicing or similar agent fees, such as an account maintenance fee for small balance accounts, directly to accounts upon at least 30 days' notice. The fund may do this by deducting the fee from your distribution of dividends and/or by redeeming fund shares to the extent necessary to cover the fee

Dividends, capital gains and taxes

Dividends and capital gains

Each day the fund declares substantially all of its net investment income as a dividend to shareowners. Dividends are accrued each day and paid on the last business day of the month. The fund generally pays any distributions of net short-term capital gains in November. The fund does not anticipate making any distributions of net long-term capital gains. The fund may also pay dividends and distributions at other times if necessary for the fund to avoid U.S. federal income or excise tax.

Taxes

Shareholders that are exempt from U.S. federal income tax, such as retirement plans that are qualified under Section 401 of the Internal Revenue Code, generally are not subject to U.S. federal income tax on fund dividends or other distributions or on sales or exchanges of fund shares. However, in the case of fund shares held through a nonqualified deferred compensation plan, fund dividends and other distributions received by the plan and sales and exchanges of fund shares by the plan generally will be taxable to the employer sponsoring such plan in accordance with U.S. federal income tax laws that are generally applicable to shareholders receiving such dividends and other distributions from regulated investment companies such as the fund or effecting such sales or exchanges.

Plan participants whose retirement plan invests in the fund generally are not subject to federal income tax on fund dividends or other distributions received by the plan or on sales or exchanges of fund shares by the plan. However, distributions to plan participants from a retirement plan generally are taxable to plan participants as ordinary income.

You must provide your social security number or other taxpayer identification number to the fund along with any certifications required by the Internal Revenue Service when you open an account.

You should ask your tax adviser about any federal, state, local and foreign tax considerations relating to an investment in the fund. You may also consult the fund's statement of additional information for a more detailed discussion of U.S. federal income tax considerations that may affect the fund and its shareowners.

Financial highlights

The financial highlights table helps you understand the fund's financial performance for the past five years.

Certain information reflects financial results for a single fund share. The total returns in the table represent the rate that you would have earned or lost on an investment in Class R shares of the fund (assuming reinvestment of all dividends and distributions).

The information below has been audited by Ernst & Young LLP, the fund's independent registered public accounting firm, whose report is included in the fund's annual report along with the fund's financial statements. The annual report is available upon request.

Pioneer Cash Reserves Fund

Class R shares

	Year Ended 12/31/08	Year Ended 12/31/07	Year Ended 12/31/06	Year Ended 12/31/05	Year Ended 12/31/04
Net asset value, beginning of period	\$ 1.00	\$ 1.00	\$ 1.00	\$ 1.00	\$ 1.00
Increase from investment operations:					
Net investment income	\$ 0.020	\$ 0.039	\$ 0.038	\$ 0.019	\$ 0.003
Distributions to shareowners:					
Net investment income	\$(0.020)	\$(0.039)	\$(0.038)	\$(0.019)	\$(0.003)
Net asset value, end of period	\$ 1.00	\$ 1.00	\$ 1.00	\$ 1.00	\$ 1.00
Total return*	2.04%	3.94%	3.90%	1.96%	0.26%
Ratio of net expenses to average net assets†	1.15%	1.42%	1.19%	1.29%	1.12%
Ratio of net investment income to average net assets†	1.97%	3.90%	3.93%	2.05%	0.31%
Net assets, end of period (in thousands)	\$ 1,843	\$ 1,582	\$ 747	\$ 815	\$ 319
Ratios with no waiver of fees by the Adviser and reductions for fees paid indirectly:					
Net expenses	1.15%	1.42%	1.53%	1.31%	1.14%
Net investment income	1.97%	3.90%	3.59%	2.02%	0.29%
Ratios with waiver of fees by the Adviser and reductions for fees paid indirectly:					
Net expenses	1.15%	1.41%	1.19%	1.29%	1.12%
Net investment income	1.97%	3.90%	3.93%	2.05%	0.31%

* Assumes initial investment at net asset value at the beginning of each period, reinvestment of all distributions, and the complete redemption of the investment at net asset value at each end of each period.

† Ratio with no reduction for fees paid indirectly.
